Part II. Certification

Animal Health

I, the undersigned official veterinarian, hereby certify, that the animals described above meet the following requirements:

AH/T129A Territory requirements (freedom from disease)

they come from the territory with code: ...NO:0..... which, at the date of issuing this certificate:

- ^(*)**EITHER** [(a) has been free for 24 months from foot-and-mouth disease, for 12 months from rinderpest, African swine fever (ASF), classical swine fever, swine vesicular disease and vesicular exanthema, and;]
- ^(*)**OR** [(a) (i) has been free ^(*)[for 24 months from foot-and-mouth disease], for 12 months from rinderpest, African swine fever, vesicular exanthema, ^(*)[classical swine fever] and ^(*)[swine vesicular disease], and;
- (ii) has been considered free from ^(*)[foot-and-mouth disease], ^(*)[classical swine fever] and ^(*)[swine vesicular disease], since (dd/mm/yyyy), without having had cases/outbreaks from that date, and authorised to export these animals by of (dd/mm/yyyy), and;]
- (iii) in the case of African swine fever, authorised to export domestic porcine animals to Great Britain in accordance with GB requirements, and;]
- ^(*)**EITHER** [(b) for 6 months from vesicular stomatitis, and;]
- ^(*)**OR** [(b) the animals have been kept for the 21 days, or since birth if younger than 21 days of age, prior to entering the pre-export quarantine in a holding in which no case of vesicular stomatitis was officially reported during that period and during the pre-export quarantine of not less than 30 days prior to shipment in a quarantine station protected from vector insects where they were subjected with negative results at a serum dilution of 1 in 32 to a virus neutralisation test for vesicular stomatitis carried out as per GB requirements; and;]
- (c) where during the last 12 months, no vaccination against these diseases has been carried out and imports of domestic cloven-hoofed animals vaccinated against these diseases are not permitted;

AH/T600 Territory requirements

- ^(*)**EITHER** [they have remained in territory described under AH/T(freedom from disease) since birth, or for at least the last six months before dispatch to Great Britain and without contact with imported cloven-hoofed animals for the last 30 days and have been kept separate from wild cloven-hoofed animals since birth;]
- ^(*)**OR** [have been introduced on (dd/mm/yyyy) into the EU and EFTA territory described under AH/T, from the EU and EFTA territory with code that at that date was authorised to import the animals into Great Britain and the animals have not been in contact with imported cloven-hoofed animals imported into the EU and EFTA for the last 30 days;]

AH/E015 Establishment requirements (holdings)

they have remained in the holding(s) described under box reference I.11 since birth, or for at least 40 days prior to dispatch, and, during this period, in the holding(s) and in an area with a 10 km radius around the holding(s) of origin, there has been no case/outbreak of the diseases referred to in AH/T(freedom from disease);

AH/A252 Animal requirements (examination)

they were examined by an official veterinarian within 24 hours of loading and showed no clinical sign of disease;

AH/A255 Animal requirements (supplementary guarantees)

^(*)[they have been subjected within the past 30 days to a buffered Brucella antigen test for porcine brucellosis with negative results;]

AH/A351 Animal requirements (transport)

any transport vehicles or containers in which they were loaded were cleaned and disinfected before loading with an officially authorised disinfectant;

AH/A352 Animal requirements (transport)

they have been loaded for dispatch to Great Britain on (dd/mm/yyyy) in the means of transport described under box reference I.15 that complies with GB requirements;

AH/A355A Animal requirements

they ^(*)[are][were] dispatched from their holding(s) of origin, without passing through any market,

^(*)**EITHER** [directly to Great Britain;]

^(*)**OR** [to the officially authorised assembly centre described under box reference I.13 situated within the territory described under AH/T;]

and, until dispatched to Great Britain:

- (a) they did not come in contact with other cloven-hoofed animals not complying with the health requirements as described in this certificate; and
- (b) they were not at any place where, or around which within a 10 km radius, during the previous 40 days there has been a case/outbreak of any of the diseases referred to in AH/T; and
- (c) in the case the country has not been free for 6 months of vesicular stomatitis, they were transported to the place of loading protected from vector insects;

AH/A617 Animal requirements

they come from herds which are not restricted under the national brucellosis eradication programme;

AH/A714 Animal requirements

^(*)[they have been subjected within the past 30 days to test for swine vesicular disease antibodies and a test for classical swine fever antibodies with negative results in both cases;]

AH/A715B Animal requirements (specific requirements)

^(*)[(a) Aujeszky's disease is notifiable in the country referred to in box reference I.7;

(b) according to official information, no clinical, pathological or serological evidence of Aujeszky's disease has been recorded for the last 12 months in the holding(s) of origin referred to in boxes reference I.11, and in those holdings situated in its vicinity within 5 km; and

(c) the animals referred to in box reference I.28 are compliant with GB requirements;]

AH/A716 Animal requirements (supplementary guarantees)

they are not animals to be killed under a national programme for the eradication of diseases, nor have they been vaccinated against the diseases referred to in AH/T (freedom from disease);

AH/A717 Animal requirements

^(*)[they are animals in compliance with GB legislation, taking into account the regions of the EU affected by African swine fever;]

AT/002 Animal transport

I, the undersigned official veterinarian, hereby certify, that the animals described above are fit for the intended transport and have been treated before and at the time of loading in accordance with the relevant provisions of GB regulation.

Public Health

I, the undersigned official veterinarian, hereby certify, that the animals described in this certificate:

PH/E002 Establishment requirements

come from holdings which have been free from any official prohibition on health grounds, for the past 42 days in the case of brucellosis, for the last 30 days in the case of anthrax and for the past six months in the case of rabies, and, have not been in contact with animals from holdings which did not satisfy these conditions;

PH/E201 Establishment requirements

^(*)[are domestic porcine animals either coming from a holding officially recognised as applying controlled housing conditions in accordance with GB legislation or are not weaned and less than 5 weeks of age;]

PH/RS003 Residues and substances

have not received:

- (a) any stilbene or thyrostatic substances; or
- (b) estrogenic, androgenic, gestagenic or β - agonist substances for purposes other than therapeutic or zootechnical treatment;

^(*) Keep as appropriate.

Official Veterinarian

By signing this certificate, I certify that the requirements laid out above and in the accompanying notes for completion have been met.
